TO WHOM SO EVER IT MAY CONCERN

This letter is for commending the work done by SAN Techno Mentors Private Limited, Pune.

We manufacture many products used for Steel Making including Induction Furnaces, Transformers, Laddle Refining Furnaces, and Continuous Casting Machines for steel manufacturing and have a large number of orders in pipeline since beginning. We found that because of large number of our plants being installed, there is a paucity of trained manpower to operate our machines. Untrained manpower is likely to cause damage to the equipment as well as losses to the industry.

We have started a separate academy focused on training our internal and our customers' engineers and resources on billet casting machine. It was decided to prepare a comprehensive training manual of our 'High Speed Continuous Casting Machine' and also to train customer's personnel by way of class room lectures as well as hand on practical on a live caster specially installed for the purpose.

SAN Techno Mentors were awarded this work of manual preparation as well as conducting a few batches of actual training and in the process developing internal trainers (train the trainers).

They have done outstanding work in manual as well training. Both of these are multi-disciplinary and the manual, replete with photographs, sketches, drawings, embedded video-clips; runs into several hundred pages.

I commend Mr. Sudhir Panditrao and Mr. Shantaram Mayadeo and their company to anybody who wants outstanding results in content creation as well as training itself.

Thanking you,

Yours Faithfully,
For ELECTROTHERM (INDIA) LTD.

Suneel Kulkarni
Executive Director
